

Key Applications

Remote Piloted Aircraft

Flight Worthy Parts

- Payload enclosures / attachments
- Conformable fuel tank
- Shrouds and closeouts
- Wing structures
- Battery compartment
- Oil tank / glycol / hydraulic fluids
- Aileron flaps
- Avionics and radio closures
- Aerodynamic surfaces
- Connectors / reducers
- Wire ways / conduits / connectors
- Clips / clamps / grommets
- Hydraulics supports and stand offs
- Fuselage components
- Component connectors
- Air filter boxes / air ducting
- External camera and gimbal
- Air Intake manifolds
- Brackets
- Mounting for PODS / avionics and electrical systems
